

Smartflower Showcase

April 2023

Smartflower Gives a Sunny Welcome at Elon University

"It feels special to have the seed of a student idea on a pedestal now and as we walk past it, it's a reminder that we are educating young people who will go out to change the world with their ideas."

- Connie Ledoux Book, Elon University President

Elon University held a ribbon cutting ceremony at their Founders and Innovation Halls in late April, where they showed off the Innovation Quad's newest addition- a Smartflower! The two halls also achieved LEED Gold Certification.

"The Smartflower is a visible demonstration of sustainability, creativity and engineering at work."

- Brad Moore, Elon University Architect

Smartflower CEO Visits Blackstone School

Students of a sixth-grade science class at the Blackstone School in Boston, USA, were treated to a special guest visit last week by Jim Gordon, CEO of SmartFlower Solar. He conducted an interactive presentation on the importance of renewable energy.

The Girl Scouts Go Green with Smartflower

A Smartflower has found a new home with the Girl Scout Council of Colonial Coast (GSCCC) in Virginia, USA. The unit, once fully in operation, will produce power for the GSCCC's regional headquarters and program center. It will also serve as an educational tool.

Smartflower Comes to Intersolar Europe 2023

SmartFlower Solar GmbH will be bringing a Smartflower to this year's Intersolar Europe! Taking place from June 14-16 at Messe München in Munich, Germany, come meet the Smartflower team and see our solar flower in action at Booth C4.370.

Have an installation, event, or trade show coming up? Have something you'd like to announce? Reach out to our Creative Designer, Sheen Hui, at shui@smartflowersolar.com to be featured in next month's edition of Smartflower Showcase!
